- Payment method: MasterCard - Visa - Money transfer

# Information that you need to know When arriving in Quebec

## Jet lag and weather:

- Jet lag: 6 hours from Europe
- Weather : An element that visitors to Quebec must absolutely consider is the wind
- Winter weather forecasts here always provide two numbers: the temperature as displayed on the thermometer, and the temperature with wind chill factor. The wind chill factor measures the degree of "chill" the skin senses

## Formalities:

- A valid passport is sufficient for your visit to Quebec  
No need for a Visa if you are resident of the European Community
- For other nationalities, please take the time to contact the Canadian Embassy or local consulate if additional documentation is required before entering into Canada.  
Click for more information on Visit Canada [government of Canada](http://www.visitcanada.com)
- The import of food is strictly regulated in Canada.
- It is not necessary to have a specific vaccination to visit Canada

## Equipment that we provide for your tour:

- Extreme cold weather gear: includes the following
- Full-face helmet with heated shield, jacket, snowsuit, boots, gloves and balaclava
- 2 sealed bag bundle of 15 lbs each one
- All this equipment will be provided you on the spot  
Jeans are not recommended, preferred options would be trousers or a tracksuit made out of cotton
- Polar or thermo materials are also recommended

## Additional clothing that you should bring for your tour package:

- Six pairs of socks (3 thick and 3 thin)
- Two sets of underwear (polar tech type)
- Two sweaters (wool or fleece)
- A pair of shoes
- A pair of ski gloves
- Sunglasses
- A toilet kit
- A swimsuit is recommended as some of our accommodations offer a pool or Jacuzzi all the residences supply bath and hands towels

Note your luggage, containing your clothes can be left safely at the rental facility.  
You will find them at the end of your daily tour.

## **Snowmobile Rental and terms, deposit and insurance options:**

The snowmobile driver must comply with the following rules and regulations:

- Possess a valid driver's license (car, motorcycle)
- Be a least **18** years old for regular trails
- Driver must be in possession of their driver's permit at all times
- It is not necessary to have an international driving license

A guaranteed deposit of 3.000 \$ **non-taxable** is required before taking the snowmobile.

**Your deposit will be returned at the arrival of your tour, except in an event where the client is responsible for the accident, and the repair amount will be deducted from the deposit and where there is a total loss to the snowmobile.**

*Please Note: The deposit has to be paid before your departure, payment payable by Visa, MasterCard or American Express. The amount will not be blocked.*

Casualty insurance option see details page 5

## **Security:**

It is important that each client respects the security guidelines and instructions, failure to follow the safety rules may result in a major modification of your tour.

## **Cell Phones:**

Warning: Signals for GSM mobile phones only work at a distance of 200km around Montreal and Quebec cities.

## **Wi-Fi:**

Wi-Fi available access in all our lodging.

## **Electric current:**

Canada's electrical supply and electrical outlets (sockets, wall plugs) are the same as those of the United States. The electrical supply is 110 Volts. Universal adapters are suggested for charging your mobile phones and video cameras.

## **Best Way to Bring Money to Canada:**

Credit cards like MasterCard, Visa or American Express, and debit cards are widely accepted across Canada. Having some cash on hand when you arrive is a good idea though for tipping or odd small purchases.

## **Canadian Currency and Exchanging Money:**

All of Canada uses the Canadian Dollar. The prices are always displayed without taxes.

Taxes in Quebec:

The Quebec government is moving ahead with plans to harmonize the Quebec Sales Tax (QST) with the federal Goods and Services Tax (GST). The combined federal GST and new harmonized Quebec sales tax rate will be 14.975 %.  
Example Amount charged for year of \$ 100.00 + \$ 5 + \$ 9.975 = \$ 114.975.

**Please note that all our prices are taxes included.**

## Who is Aventure Nord Québec Organisation ?

Initially, it is a passion for the snowmobile and the nature that has motive the founder of the company to organize trips of this type. Time spend but the passion still the same.

And the purpose of such of raid is not only to provide you a complete change of scenery but also all, to share with you our passion!

### Law and permits:

Aventure Nord Québec Organisation is a company specializes in snowmobile raids homeless since 1993. Aventure Nord Québec Organisation Inc. is hold of a Quebec Travel agent licence N° 702411 (obligatory in Quebec) issued by the [Office de la Protection du Consommateur](#).

This requirement will guarantee you, among other things:

- Financial guarantee funds deposited in a trust account.
- A liability insurance of 2 000 000.00 \$ CAD (AXA Insurance).

### Prices in Canadian dollars:

A company or travel agency governed by the laws of the Province of Quebec must view its prices in Canadian dollars only, **because it is the currency of the country**, and this, on all advertising media used.

On our Website, you will find at different places, an online currency converter that allows you to get the exchange rate in real time.

### Price and departure:

Aventure Nord Québec Organisation guaranteed prices posted on its website. There is no question of «prices from ...». Once the details of your stay will be settled, we will send you a quotation. The price proposed then is a firm and definitive price. Departure is guaranteed. That means that your dates are locked and that whatever the final number of participants is, the group will leave as scheduled.

### Caution for the snowmobile:

- A deposit (deductible) of 3.000 \$ non taxable is required before taking possession of the snowmobile.
- This amount will be refunded at the return, except in case of responsible accident with total loss of the snowmobile. In which event, the amount of reparation will be deducted from the total before refund.
- Please note that the deposit must be given the day of the departure of the tour. This one can be done by Visa, MasterCard and American Express (**print only, no amount blocked**).
- **The casualty insurance option** of 290\$ taxes included.  
*This insurance must be taken at the time of the departure. This one is at the customer's subscription.*
- **No deposit on a snowmobile?**  
While some organizers should do, it is amazing, if not absurd, to delete the deposit on a snowmobile. Here some possible answers:
  - 1 - You take the risk to make a tour on a snowmobile grandpa, with a guide that will lock at 40 KM / hour.
  - 2 - When they are going to propose you, check all the terms of the contract. And especially, check with the organizers if you have to give a credit card print at the time of taking possession of the snowmobile. If this is the case, there is a hidden defect somewhere.
  - 3 - Also ask who pays for transportation to change a snowmobile in case of accident responsible with complete standstill of the machine 50km to 800km from its home base?

### Beginning of the season:

Aventure Nord Québec Organisation never begins its winter season before the second week of January for several reasons:

- The snow conditions (snow receive in sufficient quantity) are rarely favorable before this period all over the province of Quebec.
- Snowmobile Clubs do not open every trail (markup, surfacing)
- Lakes and rivers are not frozen to 100%.  
We cannot take the risk to sell an itinerant tour with or without aerial and cannot honor our services.

## An itinerant tour:

An predefined route and every evening a different lodging: such accommodations are varied and characterize our raids. We choose them for their diversity, their comfort and their settings.

## Group:

Our groups are composed of **6** to **8** peoples.

Two scenarios:

- Either you constitute your own private group of a maximum of **8** participants.
- Either we constitute a group of a maximum of **6** participants in the progressively bookings, according to profiles of applicants, dates of availability and type of raid chosen.

The fact of not being in great numbers in the same group ensures flexibility, dynamism and privileged contact with your guide.

## One person per snowmobile, why?

Aventure Nord Québec Organisation propose only tour with one person per snowmobile.

A tour cannot be Itinerant with two people on the same machine. The main reasons are:

- It is very cold in the back of a snowmobile, even with the heated grips, the rest of the body suffered the wind factor. The passenger suffered more than he likes the tour.
- The pleasure of driving is different and the handiness of the snowmobile as well (risk of disequilibrium and therefore an accident) for a driver frequently inexperienced.
- Furthermore, it is impossible for us to mix, within the same group, snowmobiles solo with other duets. The dynamics of the group is absolutely not the same.

That, unfortunately, too many organizers have been doing in recent years profitability oblige!

## Our team:

### **Guides:**

With us since years, they will share not just your day during your raid but also their knowledge of the ground. They are holding a diploma first aid in remote areas and are equipped with a tracking system satellite that allows us of knowing your position in real time.

### **Our suppliers and partners:**

They know us and we know them.

Their expertise and their hospitality is very important to ensure you a pleasant moment.

## Our slogan:

A tour itinerant, whatever it is, must give way to adventure. And it is!

Climatic conditions and trails may result in the change of itinerary or unforeseen.

Aventure Nord Québec Organisation however does not affect its ever safety, supervision, availability and quality.

Our organization and very disciplined and it cannot be otherwise.

We want to make your stay unforgettable, but in a good sense.

With your cooperation, essential of course, we have developed products custom to meet your requirements

Witch are too ours.

For the duration of a tour in snowmobile, you'll be part of our team and share our passion.

So, welcome!

**We wish you a pleasant and safely stay among us**
